

Solway Community Technology College

Dear Parent/Carer,

We are carrying out a learning survey of subjects in the school and we would like you to help your child complete it. The subjects your child studies are listed below. What we would like your child to do with your help is list them from the one they **learn most** in down to the least. This is a confidential survey but we would like to know which year your child is in so we can see whether there are differences.

Discuss with your child; is the top subject is their favourite and record the reasons at the bottom of the form.

(1.= Learn most, 2, 3, 4, etc in order down to the least)

I am in Year:
